REQUEST FOR PROPOSAL – Central Avenue Mural Art Installation 2015

Dear Artists:

The Central Avenue Special Improvement District Management Corporation (CASID) in partnership with the City of Jersey City and the Hudson County Office of Cultural & Heritage Affairs Office is pleased to announce the **2015 Central Avenue Mural Arts Installation Project**. The CASID is seeking well-executed proposals for artwork in the style of *Trompe-l'oeil*, also called photo realism. **Proposals for “Traffic Boxes”, “Blind Windows”, and “Wall” installations are being accepted.**

To continue growing the Heights neighborhood as a hub of culture and commerce, the CASID will again coordinate a public art installation within the Central Avenue shopping district for the sixth consecutive year. This new installation will add to our flourishing outdoor art gallery which already includes art on seven traffic boxes and five splendid murals. Our main street shopping district is adjacent to the “Riverview Arts District” and this project will further the neighborhood’s long-term goal of adding “art destination” to Hudson County’s distinct resume.

We’re always looking for new and innovative ways to enhance the beauty that is our streetscape, and this year is no exception. As defined, a blind/false/faux window appears as a recess in a wall that appears to have been sealed off by brick or cement. These served the purpose of both having a wall for the tenants within a building while aesthetically producing a semblance of symmetry for those outside. We are introducing “False Window” proposals into this year’s program, with the hope of enhancing the Avenue with more creative art placement in newer unconventional ways. Through the usage of false windows, we can take *Trompe-l'oeil* to the next level, and enhance the artistic experience for Avenue natives and visitors alike. This is where you come in!

The winning submission(s) should achieve a memorable, original, visually arresting, and positive statement that will inspire the community and encourage dialogue amongst bystanders. Included in this application are several photos of other traffic box pieces for your reference. Please note, this selection program is based on the principles of an RFP; all proposals are in competition with one another. **Be prepared to offer the most competitive fee for your submission.** Artists wishing to submit multiple designs **MUST** submit separate proposals for each. The total number of submissions selected will be determined during the process.

We look forward to receiving your submission. Please carefully read and complete the attached RFP and application forms to apply and do not hesitate to contact us with any questions. **The submission deadline is July 17, 2015**

Good luck,

David Diaz
District Manager

Central Avenue Mural Arts Project 2015 REQUEST FOR PROPOSAL (RFP)

Overview:

This art installation program is made possible through the efforts of the Central Avenue S.I.D. Management Corporation and is funded in part from the New Jersey Council on the Arts/Department of State; a partner agency of the National Endowment for the Arts. The program is administered by the Hudson County Office of Cultural & Heritage Affairs, Thomas. A. DeGise, County Executive, and the Hudson County Board of Chosen Freeholders.

This project will provide the opportunity for artists to create a public art piece to be installed within the Central Avenue shopping district in the Jersey City Heights. The artist with the winning design(s) will receive agreed monetary compensation and be featured on the organization's website, www.JCHeights.com. Artists will also have the opportunity to address their work at a press conference.

Scope of the Work:

Collaborative proposals from multiple artists working together are welcome. Artists interested in participating in this program must submit a detailed proposal by **July 17, 2015** outlining:

- 1) **False/Blind/Faux Window** – Dimensions of preferred window space to be used.
- 2) **Artwork** – Sketch or sample drawing for the artwork being proposed with one page description of your inspiration for artwork;
- 3) **Installation** – An in-depth description of how the “False Window” will be treated before and after the installation to ensure durability;
- 4) **Artist Fees** – An accurate cost estimate for the completion of proposal, start to finish, that outlines all expenses and compensation, which includes design, labor, materials, supplies, and any other miscellaneous costs.

Final selection for the False Window artwork will be made by CASID by the selection criteria in this RFP.

Selection Criteria:

- Original and well-executed use of *Trompe-l'oeil* art technique involving extremely realistic imagery that appears three dimensional.
- The piece should complement Central Avenue's main street environment and contribute to positive energy, boost morale, and upbeat attitudes among residents, visitors and shoppers.
- Beautify the streetscape and improve the cultural vibrancy of the neighborhood.
- Bang for the Buck – Impact on the neighborhood and business community based on a combination of artwork design, artist reputation, and overall cost factor.

Submissions regarded as negative, vulgar, violent, hateful, or discriminatory based on race, disability, gender, culture, or religion will **NOT** be considered.

False Windows:

For the first time within our district, we're looking for innovative ways in which artwork can be incorporated into the Avenue. There can be anywhere between [number of windows to be painted] in this cycle. The artwork must use materials that are durable, and last despite adverse weather conditions. Proposed artwork will be presented to various business/property owners within the district for their consideration and "false" window space. Once a proposal is matched with a window, a formal agreement with the artist(s) and corresponding proposal is matched with an appropriate number of window spaces. A formal agreement with the artist(s) and corresponding property owner will be written to finalize costs, deadline, and any additional terms and conditions. The duration and life of the work, necessary repairs, modifications, and other details will be outlined in the agreement, which will be signed prior to the installation.

Recommended Total Fee Range: \$200 per window maximum.

To Apply:

There is no application fee. Please complete and submit the attached application forms to the CASID office. Each proposal must contain the following:

- Complete proposal form with requested attachments;
- Complete estimate form with requested attachments.

Incomplete or late applications may be disqualified from consideration at the discretion of the CASID.

Timeline:

- **Submissions are due July 17, 2015**
- Winning proposals will be selected in August 2015;
- Installation(s) must be completely installed by November 1, 2015.
- A public unveiling will take place in early November.
- Compensation will be paid in full upon completion.

Please send completed proposals to:

**Attention: False Window Proposal

To allow for consistency in comparing proposals, please use the following guideline to determine and outline your fees. Please attach any other corresponding documentation as it relates to a detailed estimate. All costs (i.e. materials, equipment, supplies, transportation fees, etc) must be included in your estimate.

Item	General Description and Expense Examples	Total
Materials and/or Supplies	Paint, primer, spackle, sealer, etc.	\$
Equipment	Rollers, brushes, ladders, trays, etc.	\$
Transportation	Getting to and from the work site with supplies and equipment.	\$
Labor	Total hours and manpower needed to complete installation	\$
Art	Art Design Fee	\$
Other (please be specific)		\$
Total Fee = (see recommended fee range in R.F.P.)		\$

Please attach the following to this Estimate:

- Itemized material and/or supplies**
- Equipment needed to complete the project**
- Describe transportation method to work site (Central Avenue, Jersey City, NJ)**
- Describe labor fees (how many people/cost per hour)**
- Other supporting documentation.**
